**II. Facilities and additional services**

**a) Local transportation and security**

Tourists usually prefer taxis, but a good-frequency bus network is also available. The price of the bus ticket is $36 Uruguayan pesos (cash only). A couple of years ago, the traditional black-yellow taxi cabs started their gradual change into the new white cars with yellow roofs and side strips. The new model keeps the classic TAXI sign roof light and the taximeter red flag indicating availability.

If you prefer, you can request a taxi by phone (+598 141; +598 1711); you will be promptly assisted by the taxi company central. Remember that the taximeter must show tokens at pick-up and that the fee (per token) varies according to time of the day (night fee, from 10 pm to 6 am, is 20% more expensive). The
same increase applies to Sundays and national holidays. Payment could only be done in Uruguayan pesos using cash or in some cases credit cards. Please note that tips are not included in the taxi fee.

Taxis available at the airport are more expensive than those in Montevideo. Yet, there is a shuttle service at the airport that may be cheaper. For further information, please visit the official Carrasco International Airport website: http://www.aeropuertodecarrasco.com.uy/taxis/ct_27/en/

Uber services are available in Montevideo.

b) Language

The country language is Spanish.

The Uruguayan Peso (UYU/$) is the official currency. Bank notes are available in the following denominations: $2,000; $1,000; $500; $200; $100; $50; $20 while the coins are denominated $50, $10, $5, $2 and $1.

1 USD - 33 Uruguayan pesos
1 Euro - 36 Uruguayan pesos

Uruguay imposes no restrictions on the import or export of any local or foreign currency. Cash and traveler’s checks are best exchanged at banks (working hours: from 1 pm to 5 pm) or at foreign exchange offices (working hours: from 9 am to 7 pm). Some hotels also provide currency exchange service, but it should be noted that these rates are not always favorable. ATMs will be found throughout the country. Most places accept credit or debit cards.
e) Electricity

The residential voltage in Uruguay is 220V/50Hz. You will need a transformer in order to use your portable devices if they do not run on 220V/50Hz. Please make sure you bring one along or purchase one in Montevideo if you need it.

Plug types in Uruguay are C, F, I and L.
